Remodeling, Built Like a Custom Home

Backed by 30+ years of
building expertise

Behind
LOCHIRCO
name

We don't just renovate homes—
we bring a builder's expertise to every project.
As the foundation of LoChirco Custom Homes, our remodeling
division is backed by over 30 years of hands-on building
experience.

The LoChirco legacy is reflected in everything we do. From
thoughtful updates to full-scale renovations, our team approaches
each project with the same level of craftsmanship, precision, and
care as a custom home build.

We understand structure, design, and functionality at a deeper level
—because we've built it from the ground up.

You can expect honest guidance, clear communication, and a
process rooted in respect for your vision.

Your home isn't just where you live—it's how you live.
